

## HPRP

### **GUIDELINES FOR DETERMINING ELIGIBILITY SIZE (NUMBER OF BEDROOMS)**

- No more than two persons are required to occupy a bedroom.
- Persons of different generations ( i.e. grandparents, parents, children), persons of the opposite sex (other than spouses/couples) and unrelated adults are not required to share a bedroom.
- Children of the same sex (regardless of age) and couples co-habiting (whether or not legally married) must share the same bedroom for purpose of assigning number of bedrooms.
- A live-in care attendant who is not a member of the family is not required to share a bedroom with other family members.
- Individual medical problems (i.e. chronic illness) sometimes require a separate bedroom for household members who would otherwise be required to share a bedroom or an extra bedroom to store medical equipment.
- In most instances, a bedroom is not provided for a family member who will be absent most of the time (such as a member who is away in the military).
